

Direct Source

cabling installation

Our network of quality installation technicians, staff of RCDDs, along with our experienced project managers, forms a flexible, cost-effective and responsive solution for any cabling project.

FINDING THE RIGHT FIT FOR CABLING AND DATA TECHNOLOGY: EVERYWHERE

Whether you require a single cable at 3,000 locations or a highly-complex infrastructure solution at a single location, Direct Source leverages its expertise in industry standards, new and proven technologies, and forward-thinking applications to deliver sustainable solutions for your business. Additionally, we have experience in de-installation and installation at conversion locations and offer disposal of expired equipment.

DETERMINING THE IDEAL SOLUTIONS: YOURS

We can offer you access to multiple technologies, such as:

- Category 5E, 6 and/or 6A cables.
- Fiber-optic.
- Electrical services.
- Satellite.
- CCTV and IP security.
- Audio/visual.
- Wireless.
- Data center.
- Racks and enclosures.
- Auto CAD and pre-built/as-built services.
- Tested and certified systems.
- Site survey.
- Demarc extensions.
- Phone systems; PBX, VOIP and system configuration and programming.
- Circuit provisioning and management.
- Integration and kitting services.
- Moves, adds and changes.
- Management of and coordination with other trades; fixture, electrical and general contractors.

USING TECHNOLOGY IN THE BEST WAY: FULLY

You can rely on Direct Source to provide quality workmanship, on-time installations and nationwide uniformity. Our superior expertise is exemplified by the following:

- Experienced staff of BICSI-certified RCDDs.
- Nationwide coverage with local service and support.
- Collaborative network engineering and design services.
- The right partnerships with manufacturers to provide the best products at a competitive price.
- Compliance with national, state and local EIA, TIA, NEC, OSHA and fire codes.

FILLING THE RIGHT TECHNOLOGY GAP: SERVICE

Because we design, integrate, stage, deploy and install the systems we recommend, we have expertise within your location's four walls. Our approach is practical, proven and customer-centric.

- Complete and thorough site surveys that minimize change-orders.
- System consultation identifies the ideal technical fit.
- Project planning and management mitigates risk and delivers results.
- Extensive supply-chain options that minimize product lead times.
- Hardware procurement is hassle-free.
- Staging and on-site installations with rapid, accurate completion.
- Deployment and installation are performed nationwide.
- End-to-end support delivers rapid, efficient and cost-effective results.
- 25-year warranty.
